CIRCULAR No. 59.

FROM G. BELLETT, Esq.,

Offg. Director of Public Instruction,

TO THE PRINCIPALS OF COLLEGES.

Dated Calcutta, the 28th June 1883.

SIR,

I HAVE the honour to request that your budget-estimates for the ensuing year (1884-85) may be submitted to this office at latest by the 1st August next.

2. As in former years, the college in its several departments should be shown separately from the collegiate, branch, or survey schools, and only charges sanctioned by proper authority should be shown. You should bear in mind, however, that all sanctioned charges are not to be entered in full, but only such portion of them as you think may be required during the year, any items that may be kept in abeyance being shown in the column for remarks.

3. In form II attention should be paid to the progressive increase in the salaries of graded officers. The month from which the annual increment becomes due should be notified, and the increment should be calculated up to the end of February only, as salaries for March become due in the following year.

4. In form I the amount entered in column 4 as "contributed from the Mohsin Endowment Fund for Maulavis' salaries" should correspond with the amount entered in the column of "Remarks" in form II, in accordance with note (a) of that form.

5. In the case of funds consisting of endowments, the whole income of which is paid into the treasury for the benefit of particular colleges, the amount entered against the fund in forms V and VI should correspond with the amount entered against the school in form I, columns 6 and 7 (*see* note to form VI).

6. If any grant or expenditure is required other than that already sanctioned, a supplementary budget may be submitted a short time after the regular budget, in the form prescribed by Government in Circular No. 15 of 29th March 1880, forwarded to you with my Circular No. 35, dated 1st July 1880, full explanations being given in a covering letter as to the necessity for the expenditure in question.

7. Details showing how the contingent grant is expended should be given. Particular attention should be paid to this, as charges on account of servants, &c., are often shown in lump sums, and not in detail, as required by standing orders.

8. The Government grant on account of hostels should be shown in the budget. Fees realized on this account should not be entered to credit, since they do not pass through the treasury.

9. Be good enough to forward two separate statements in the annexed forms (V and VI), showing the estimated receipts and expenditure of all trust funds connected with the college.

10. Three sets of five budget forms are herewith forwarded. They should be forwarded to this office in duplicate.

I have the honour to be,

SIR,

Your most obedient servant,

G. BELLETT,

Offg. Director of Public Instruction.
