Physical Science for the B. A. degree is deter-
mined by the University Senate consist of
ministry Animal Physiology and Surgical
Anatomy the Students select for the first
being portions of Chambers' Elements, Miller's
Solomon's Zoology and a treatise on the
Physical Geography respectively. I would
pleasurably request the attention of the Senate to
the fact that neither in the Course that is
down nor in the Curriculum of Natural Philo-
sophy has any provision been made for a
subject which is so important to the
basis of any sound instruction in the Physical
Sciences viz. the fundamental laws of Nature
claiming the Philosophy of the Inductive Sciences
probably as contained in Mr. Whewell's
has indeed been made a subject of examination
for Candidates for Honours in the B. A. degree
but as I believe few or some of the candidates
have been able to present themselves for
examination in this subject, which amounts
to almost the B. A. degree must be a
system of instruction in Physical Science
from which it is but too evident that the University has but
the appearance of the general training of the
candidates.

of that kind. It commends the well known little
 work of Sir John Herschel as a text book for
 that purpose. Speaking from experience, I would
 express my belief that the additional labor
 imposed upon the student by the full com-
 plement of the aid, they will find to be in
 complete harmony with the Special branches of Science
 which they will necessarily enter upon.
 It will impart much additional interest to the
 latter study, and enable them so to associate
 as greatly to facilitate their acquisition.

At the same time, I would respectfully
 submit to the Senate, the desirability of substituting
 some other work on Physical Geography
 for that of Mr. Hughes, now in use. Although
 this work contains much excellent matter and
 florid description, which occupy the time of the
 student, to no purpose, but the method of treatment
 of scientific facts is so vague and its
 list of facts so numerous, that it can scarcely
 be said to deserve the name of a Scientific
 work. Sir John Herschel's treatise on the same
 subject, extracted from the Encyclopedia Britannica
 is somewhat less comprehensive, but is
 in all other respects far more correct and
 a far superior book, and is at the same time
 written in the style of the student's Compendium.
 Sir John's work is also in every way
 more concise and detailed, and
 makes it in addition to the other
 parts of the course.

From J. W. S. WYLLIE, Esq., Under-Secretary to the Government of India, Home Department,—(No. 2639, dated the 24th April 1863.)

FORWARDED to the Government of Bengal, with reference to Mr. Officiating Junior Secretary Gordon's letter No. 2601, dated the 25th November 1862.

From the RIGHT HON'BLE SIR CHARLES WOOD, *Bart.*, M. P. and G. C. S., Her Majesty's Secretary of State for India, to His Excellency the Right Hon'ble the Governor General of India in Council,—(No. 3, dated London, the 16th March 1863.)

MY LORD,

I HAVE considered in Council your letter dated 20th December (No. 11) 1862, furnishing, with reference to my Despatch of the 17th June last, No. 10, a Report from the Director of Public Instruction in Bengal, as to the qualifications desired in gentlemen hereafter to be selected for the Educational Service in Bengal, and the salary to be secured to the gentlemen appointed to the Service in anticipation of vacancies in particular appointments.

2. I concur in the opinion that an allowance of Rupees 250 per mensem is inadequate, under present circumstances, to induce individuals, qualified for the higher offices in the Department, to enter the Educational Service in Bengal. It seems inadvisable, however, to assign to gentlemen, holding no specific appointments, salaries equal to those attached to appointments to which they may hereafter be appointed; and as it appears from the result of Mr. Atkinson's inquiries at Oxford and Cambridge that a minimum salary of Rupees 400 per mensem, on first entering the Department, would be sufficient to secure the services of highly qualified persons, I am of opinion that the salary to be assigned to gentlemen, appointed in anticipation of vacancies in particular Offices, should be fixed at the amount.

3. I think, however, that, as a general rule, appointments should not be made to the Educational Department in Bengal, except in view to the supplying of particular appointments in which there is a prospect of an early vacancy. In order that this view may be acted upon, and that while a due supply of well qualified agents is secured to the Educational Department, a proper check may be maintained on the recommendations of the Director, a Statement should be prepared of the several appointments in the Bengal Educational Department which ought to be filled by Europeans, and that the requisitions of the Government of Bengal, for the engagement of gentlemen in this country, should be limited to such as may be necessary for supplying vacancies expected to occur in the Offices included in such authorized Statement.

4. It would, of course, be competent, at any time, for the Lieutenant-Governor to apply for the services of individuals, in exception to this general rule; but specific grounds should, in such cases, be stated, and no general statements of the wants of the Department would be considered a sufficient reason for proposing an appointment.

No. 2075.

SIR,

I AM directed to acknowledge the receipt of your Memorandum No. 2155, dated the 19th ultimo, and enclosure, requesting that, with reference to the Despatch of the Secretary of State No. 3, dated the 10th March last, Mr. William Stigant, of the Education Department, be allowed the full pay therein referred to from the 12th of January last, the date on which he arrived in this country.

2. In reply I am desired to state that the Lieutenant-Governor cannot allow retrospective effect to the Despatch referred to, but His Honor authorizes Mr. Stigant to draw the difference between his present pay and that allowed by the Secretary of State from the 10th March 1863.

Sir

With reference to your endorsement
 N. 1145 of the 30th March 1863 forwarding a copy
 a letter from the Secretary of the Government of
 Bengal, I have the honor to submit to you the ac-
 companying Memorandum, showing the number
 of students, Europeans and American students
 present at each lecture on the subject of geology
 lately delivered by me at the Museum of the
 Museum - also in accordance with the instructions
 contained in Para. 3 of the same letter to make
 the following report on the general result of the
 lectures, and the expediency of any alterations
 that may be made in the course to be given in future
 years.

The results of the former lectures have
 I regret to say been by no means such
 as I had hoped for. As will be seen by the
 attached report of attendance, the audience
 has been averaged eleven at each lecture,
 and although it comprised for the most part
 gentlemen of scientific pursuits, and therefore
 capable of appreciating the subjects brought
 before them, and that there were very regular
 in their attendance, sometimes to their regret

4. Matter in appearance form of

a receipt. although my own labors have been
 unremunerated, and that no expense has been
 incurred for the use of rooms, or for specimens
 I have been obliged to expend on my own res-
 ponsibility about 250 Rs. for diagrams, for which
 sum no provision has been made, unless indeed
 I am permitted to reimburse myself out of the
 sum lately granted by his Hon. Honor for pro-
 viding the Presidency College with a diagram
 and apparatus &c. &c. however the requirements
 of the college are such that the alienation of any
 part of that sum will cause serious incon-
 venience. I trust that some other provision may
 be made for the expenses of the Geological Survey.
 In my former Memo. dated 20 January, I
 recommended that the lecturers be devoted
 to this purpose, but I believe they have not
 amounted to more than 100 Rs. so that they are
 insufficient to cover the expenditure incurred
 and which has only enabled me after all to
 provide a very inadequate series of diagrams
 indeed had I not been able to avail myself
 of a small series of my own, and of a series of
 pictorial diagrams the private property
 (as I understand) of Mr. Oldham, which that
 gentleman very kindly placed at my disposal,
 my collection must have been far ^{less} intelligible
 than they actually were. I would request that
 that a sum of 250 Rs. be sanctioned to meet the
 above expenditure.

5. It may have been the result of the
 present experimental course, I have not been

forward took repetition in future years under
the present arrangements with any great hope of
useful results. It is His Honor's desire that
in future the lectures be delivered in some
building in the vicinity of the native town
so that a larger number of Antislavery gentlemen
and students may be induced to attend. I
shall of course be prepared to repeat the lectures
any place which His Honor may decide upon,
but seeing the present impracticability of
illustrating geological lectures elsewhere
than either at the Asiatic Society's Rooms
or the Geological Museum, and seeing also
that an audience unprepared by previous
training in the fundamental and simpler
sciences (Physics, Chemistry, Biological
science &c) is utterly unfitted to comprehend
so complex and all-embracing a science
as geology. I cannot think that any greater
success can be expected than that which has
attended the present experimental course.

I am far from throwing blame
that the ill success of the present experiment
is to be taken as indicating the impracticability
of imparting a certain amount of scientific
information to the public, but I am of opinion
that in order to obtain any success and permanent
clap of lectures must be delivered and that
an expenditure must be incurred for
which no present provision has been made.

I may also be permitted to remark
that any scheme which I contemplate

would entail a very large amount of additional
labor on myself equivalent indeed to doubling
my duties at the Peabody College -

& Under these circumstances I feel
that it would not be relevant to enter further
into this subject at present, but should I at
any time be called upon by His Honor to
submit a Memorandum on the subject of
Public Instruction in Science, I shall be
fully prepared to do so -

Yours
Sincerely, Henry J. Stanford

Read again Financial letter addressed to the Officiating Auditor-General of India No. 1870, dated 6th May 1863.

ORDERED, that a copy of the above Orders be sent to the Home.

Madras, Bombay, and Eastern Settlements.

Foreign, and Public Works Departments, the
several Local Governments,* and the Chief
Commissioners of British Burmah, Oude, and Central Provinces, and the
Resident at Hyderabad, for information.

No. 909. FINANCIAL DEPARTMENT, FORT WILLIAM, THE 14TH MARCH 1863.

RESOLUTION.—SOME doubts having been expressed as to the principle upon which the Military Budget Estimate of 1863-64 should be prepared, His Honor the President in Council resolves to remove them authoritatively.

2. It is, in the opinion of His Honor, advisable, *under all circumstances*, to exhibit the *whole* of the expenditure "coming in course of payment within the year 1863-64" on the face of the Estimates. The unexpended portion of the existing grants will therefore lapse on 30th April 1863, and all charges coming in course of payment within the year ending 30th April 1864 will be provided for in the Budget Estimates of 1863-64, now preparing, without reference to the year in which they may have been incurred.

ORDERED, that a copy of the above Resolution be sent to the Military Finance Department, and to the Auditor-General of India.

From E. H. LUSHINGTON, Esq., Secretary to the Government of India, Financial Department,
to the Officiating Auditor-General of India,—(No. 1870, dated the 6th May 1863.)

SIR,

IN reply to your letter No. 5, dated 2nd instant, which was received in this Office on the 4th idem, in which you enquire whether "the unexpended balances of grants for Civil Expenditure for 1862-63 should be held to have lapsed on the 30th ultimo," I am directed to instruct you that the Resolution No. 909, issued from this Department on the 14th March last, is to be strictly observed. All Revenues and Receipts which come under the Budget classification will appear as income of the year in which they are received, and all expenditure coming under the Budget classification will appear as charges of the year in which they come in course of payment.

2. The foregoing refers equally to Civil and Military Receipts and Expenditure. In point of fact any distinction between arrear and current Receipts and Charges is, as regards the Financial Accounts of the year 1863-64, useless, although it may be continued for a time as useful statistical information valuable to this Office as a means of checking the Estimates; but even this will cease after a year or two.

3. All balances of grants for Civil or Military purposes remaining unexpended on the 30th ultimo must, therefore, be considered to have lapsed.

4. It must be understood, however, that the grant out of the Income Tax Receipts to Public Works, which amounts to thirty-eight lacs, will be debited as a charge against Revenue, and be credited to "Debt" intact.

No. 1.

FROM

DIRECTOR OF PUBLIC INSTRUCTION.

To

The Principal Presidency College

Dated Fort William the 9th February, 1861.

SIR,

A reference having been made to Government on appeals from certain officers of the Education Department against the orders of the Supreme Government (Financial Department No. 665 G., dated 30th September, 1862), by which it is ruled that Masters of "Aided" Schools are not entitled to pensionary support out of the Public Revenues, it has been decided that in the case of Masters formerly attached to Government Schools who were "induced to accept employment in the private Aided Schools in the belief that their eligibility to pension from Government would continue," the option should be given them "of resuming employment in Government Schools with the understanding that if they accept it, their service in the Aided Schools should be allowed to count towards pension for a period not exceeding three years."

I have accordingly to request that you will prepare and submit to me with as little delay as possible, a return of all the teachers in the College and Schools under your control, whose claims to pension have been affected by quitting Government Service for service in Aided Schools between the 2nd December, 1858, when this office was put in possession of the despatch* of the late Honorable Court of Directors on which the eligibility to pension of Masters in Aided Schools was founded; and the 19th February, 1863, the date of promulgation to the Education Department of the resolution of the Government of India declaring that the construction put upon that despatch was erroneous and disallowing the claims of such Masters to any pensionary support from Government.

In this return you will note the appointment held by each Master at the time he quitted Government Service, and the appointment or appointments continuously held by him from that time to the present.

I have the honor to be,

Sir,

Your most obedient servant,

W. S. ATKINSON,

Financial.

SIR,

I AM directed by the Lieutenant-Governor to forward, for your information and guidance, the accompanying Extract* from the Proceedings of the Government of India, in the Financial Department, communicating a Resolution by His Excellency the Governor General in Council sanctioning, as an experimental measure, the grant of half pay to all Chupprassies when sick in Hospital for any period not exceeding six months.

2. You will be good enough to report after twelve months from this date the result of the measure.

I have the honor to be,

SIR,

Your most obedient Servant,

S. C. BAYLEY,

Junior Secretary to the Government of Bengal.

[Exd, J. H. Mendies.]

Extract from the Proceedings of the Government of India, in the Financial Department,
No. 1708, dated the 31st March 1864.

READ an Endorsement from the Foreign Department No. 124, dated the 11th March 1864, forwarding an application from the Chief Commissioner of the Central Provinces for the grant of half pay to the Customs Chupprassies when sick *in Hospital* for any period not exceeding six months, and recommending that the measure may be sanctioned experimentally for one year, subject to report at the end of that period.

RESOLUTION.—The Governor General in Council is pleased, under the circumstances stated, to sanction the proposed measure, subject to report after one year.

ORDERED, that a copy of the above Resolution, and of the letter from the Chief Commissioner, Central Provinces, be sent to the Foreign Department for information and for the issue of the necessary orders.

Ordered also, that a copy of the Resolution be sent to the Civil Pay-Master, North-Western Provinces, and the Deputy Auditor and Accountant-General, Central Provinces, for information and guidance.

Ordered further, that a copy of the Resolution, and of the letter from the Chief Commissioner of the Central Provinces, be forwarded to the several Local Governments and Administrations, with a remark that His Excellency the Governor General in Council approves of the extension of the above indulgence throughout India, as an experimental measure, to all Chupprassies when sick *in Hospital*.

From CAPTAIN H. MACKENZIE, Secretary to the Chief Commissioner, Central Provinces, to COLONEL H. M. DURAND, C. B., Secretary to the Government of India, Foreign Department,—(No. 510 dated the 23rd February 1864.)

I AM directed by the Chief Commissioner to submit copy of letter, No. 3 of the 4th current, from the Commissioner of Customs, North-Western Provinces, with enclosures, submitting a proposal to allow Customs Chupprassies while in Hospital half pay, for the consideration and orders of His Excellency the Viceroy and Governor General in Council.

2. It would appear that when Customs Chupprassies are in Hospital substitutes are entertained, and these latter necessarily draw the full pay of the sick men. Without special sanction, therefore, there is nothing available for the sick men.

3. The measure now proposed of allowing half pay while in Hospital for any time not exceeding six months, on the Certificate of the Civil Surgeon that detention in Hospital is absolutely necessary, seems judicious as well as considerate, and likely to tend to the improvement of the Department; and the Chief Commissioner accordingly ventures to hope that His Excellency may be pleased to accord his sanction thereto.

4. The Commissioner of Customs suggests that this half pay may be met from savings, and no doubt the amount of saving would cover the charge. But, as it would be difficult to check the charges as they occur by savings actually accrued, I am to suggest that it would be more convenient and answer all purposes to accord sanction to the disbursement of half pay without insisting on its having any direct or immediate connection with the savings.

From the Commissioner of Customs, North-Western Provinces, to the Secretary to the Chief Commissioner, Central Provinces,—(No. 3, dated the 4th February 1864.)

I HAVE the honor to submit the accompanying copy of a letter No. 9, dated 25th ultimo, with its enclosure, from the Collector of Customs at Saugor.

471

2. From Dr. Rice's Report it certainly appears inhuman, unjust, to refuse any support to Chupprassies of this Department temporarily prostrated by sickness contracted while in the performance of their duty.

3. There cannot be many instances of the nature described by Dr. Rice; but I would beg to propose, for the favorable consideration of higher Authority, that, in all such cases, the patient receive half his pay for any time not exceeding six months that the Civil Surgeon may consider his detention in Hospital absolutely necessary.

4. This arrangement will not put Government to more expense than what has been sanctioned for the Establishment, and at the same time its efficiency will remain unimpaired. The half salary proposed for the sick Chupprassy whose whole pay will go towards his substitute will be disbursed from the amount monthly saved and hitherto carried to the credit of Government by temporary vacancies among Jemadars and Chupprassies, &c.

From the Collector of Customs, Saugor, to the Commissioner of Customs, North-Western Provinces,—(No. 9, dated the 25th January 1861.)

I HAVE the honor to submit, in original, a Docket, dated 22nd instant, from the Civil Assistant Surgeon, Saugor, and request to be informed whether the men of the Customs Establishment are entitled to a portion of their pay whilst in the Civil Hospital.

From the Civil Assistant Surgeon, Saugor, to the Collector of Customs, Saugor,—(dated the 22nd January 1861.)

REPORTS that a Chupprassy of the Customs Establishment in the city was brought to Hospital in a dying state last night, and died during the night. On *post mortem* examination inflammation of the lungs was the cause; he had been ill for several days and dreaded coming to Hospital as his pay would be stopped.

There is a man now in Hospital for paralysis: his leave will expire in three days, and he says he must leave the Hospital or starve; his sickness was contracted while on sentry duty; and for the week that he has been in he has improved wonderfully.

The Customs Department is alone of all the Government Establishments in refusing medical aid in Hospital to its servants. Those of the Saugor part of the line are worse off in this respect than the men at Deorie and Malhona, who have peripatetic Native Doctors, such as they are, to visit them every third or fourth day.

Some arrangement should be made, for humanity's sake alone, to assimilate the Customs with the Police Department with regard to medical aid in Hospital.

The men say if they were allowed an anna a day for their food they would gladly accept it rather than die of disease or become cripples all their lives.

Endorsed by Government of India, Foreign Department,—(No. 121, dated the 11th March 1861.)

FORWARDED to the Financial Department for consideration and orders, with a recommendation that the measure may be sanctioned experimentally for one year, the Commissioner of Customs to shew the financial results at the end of that period. (To be returned.)

Extract from the Proceedings of the Government of India, in the Financial Department.
No. 1948, under date the 8th April 1864.

READ again Financial Resolution No. 5869, dated 30th November 1863, explanatory of the silence of the new Absentee Rules for Uncovenanted Servants upon the subject of casual leave.

Read a letter from the Officiating Chief of the Military Finance Department, No. 1860C., dated 22nd March 1864, bringing to notice that the above explanation is needed in the Bombay Presidency.

ORDER.—Ordered, that a copy of the Resolution No. 5869, dated 30th November 1863, be communicated to the Foreign, Home, and Public Works Departments, and to the several Local Governments and Administrations, and to the Civil Pay and Audit Departments.

Extract from the Proceedings of the Government of India, in the Financial Department;
No. 5869, dated the 30th November 1863.

READ again the undermentioned Resolutions passed in this Department regarding casual leave to Uncovenanted Servants:—

No. 2520, dated the June 1857.

„ 1558, „ „ March 1858.

„ 2585, „ „ 3rd April „

„ 5670, „ „ 28th September „

Read an Extract from the Military Department No. 749, dated the 31st October, forwarding for opinion a letter, with enclosures, from the Military Finance Department, enquiring, with reference to the new Absentee Rules for the Uncovenanted Service, whether casual leave can still be granted and allowed to count as service qualifying for pension.

RESOLUTION.—The Hon'ble the President in Council observes that the new Absentee Rules do not allude to casual leave, because it affects only the internal discipline of an Office or Department. This leave should be granted by the Head of an Office under any discretion which may be allowed him by his own Government, and conformably with the general considerations contained in the Orders of 28th September 1858 above quoted.

ORDERED, that a copy of the above be forwarded to the Military Department.

REPORT OF SUB-COMMITTEE.

SIR,

We the undersigned members of the Committee recommend the following course to be adopted in the Entrance, First Arts and B. A. Examinations of the Calcutta University. Mr. Woodrow, though approving of the Standard fixed in itself, is of opinion that the present state of the Schools requires a somewhat lower standard. He has therefore, in accordance with your letter, appended his minute separately.

To the Registrar of the Calcutta University.

SIR,

I beg to recommend that a lower course of Sanscrit than that recommended by the majority of the sub-committee be prescribed for the First Arts and B. A. Examinations on the following grounds.

(1.) The Calcutta University requires a "competent knowledge" of every subject laid down for the examination and deficiency in one subject cannot be compensated for by high proficiency in another.

(2.) Every student who attempts to pass the First Examination in Arts must therefore study Sanscrit for at least five years in order to pass in that subject.

(3.) Several schools in lower Bengal that now train students for the University Entrance will not teach their students Sanscrit, either because of the expense, or because the managers think it right to teach the pupils their mother-tongue before recourse is had to its Sanscrit original.

(4.) Every student that takes up Bengali at the Entrance Examination without also knowing Sanscrit will be plucked at the First Arts, since the time necessarily devoted in College to the study of History, Mathematics, Mental Philosophy and the English Language will leave a remainder of time too small to make up deficiency in Sanscrit. I therefore recommend that the Sanscrit standard now proposed for the Entrance be ~~made~~ for a few years the standard for First Arts and the standard for the First Arts that for the B. A. degree.

If this proposal be rejected, I recommend for consideration the amendment that failure in one subject shall not exclude candidates, otherwise well prepared, from passing an Examination.

I have the honor to be,

Sir,

Your obedient Servant,

H. WOODROW, M. A.

Inspector of Schools.

FROM LIEUTENANT-COLONEL J. P. BEADLE, R. E.,

*Secretary to the Government of Bengal,
in the Public Works Department,*

TO THE DIRECTOR OF PUBLIC INSTRUCTION.

P. W. DEPARTMENT.
Civil Buildings.

Fort William, the 17th June 1866.

Sir,

I am directed to forward a copy of a letter from the Secretary to the Government of India in the Public Works Department, No. 110, dated the 31st March last, and to state that Mr. Granville, the Architect to Government, has this day been requested to prepare, in communication with yourself and the Principal of the Medical College, a Plan for the Presidency College, on the site now laid down by the Government of India. The Project is to include an Ophthalmia ward and operating room, (in respect to the design for which Mr. Granville will be desired to consult Dr. Chevreton and Mr. Macnamara) and also a Hostel for Native Students.

2. With reference to the concluding portion of the last paragraph of the letter from the Government of India, I am desired to state that, if the lower floor of the Medical College Hospital is vacated by the Ophthalmia Patients, it might perhaps be made it for the reception of the Students of the Military or Native Doctor Class.

3. The Architect to the Government of Bengal has also been directed to prepare the Design for the University, as required by the Government of India.

I have the honor to be,

Sir,

Your most obedient servant,

J. P. BEADLE, Lieut.-Colonel, R. E.,

*Secretary to the Government of Bengal,
in the Public Works Department.*
