LETTERS SENT

YEAR JULY 1878 TO OCT 1878

PRESIDENCY COLLEGE ARCHIVES

(1)

№350

To The Director of Public Instruction

Presidency College the 13th July 1876

Sir

In reply to your letter № 3710 of the 12th July, I beg to say that the practice in awarding the Engineering stipends to Graduates and Licentiates has always been to select the first five on the list irrespective of the number of years they have studied in the College: and in the case of these men I think there is good reason for so acting. The best men ought to receive the sanctioned allowances during the period of their practical training. Hesoni Mohan Mookerji failed last year to get a Licence but he was awarded a Sub-Engineer's Certificate and after reading for one year more passed the examination for a Licence. Ashutosh Lahiri has passed the B.C.E. examination without having previously failed, but the examination in Engineering for the Licence and the degree is the same in all respects

I have &c

J. Sutcliffe

Prof. Phy. College

№351

To Surgeon-Major N. Cayley

Presidency Surgeon

Dated 14th July/76

I have the honor to request that you will be good enough to grant a health certificate to Babu Martin Mawat who has been appointed to the 4th Grade of the Bengal E. Educational Service

I have &c

J. Sutcliffe

Prof. Phy. College

№352

To Registrar Sir

dated 14th July/76

Refers to his letter dated 11th July/76

He is directed to apply to the Director of Public Instruction Bengal for the information asked for by him regarding the Gilchrist examinations.

J. Sutcliffe

№ 353

To Surgeon-Major Palmer M.D.

Residency College the 15th July/76

Sir

I have the honor to request that you will be good enough to grant a health certificate to Mr J.T.S Pope who has been appointed to the 4th Grade of the Bengal Educational Service.

I have
I. J. Lubloff
Pupil Rg College

№ 354

To The Superintendent Govt Mathematical Instrument Department

Dated 15th July 1876

The undersigned has the honor to forward for repairs the instruments as per list enclosed and to request that they may be returned to this office as soon as done with. They will be required for field work on the 1st November.

Statement of Surveying Instruments forwarded to the Mathematical Instrument office for Repairs

	Name of Instrument	Number & Class	Nature of Repairs required
	Theodolite with Stand	474	Level tube not in adjustment
	" "	94	Level tube not in adjustment
	" "	19	Foot-screws bent; Theodolite does not therefore fit on its stand.
S	Level dumpy with stand	23	The milled headed screw on the side of the telescope does not work properly
S	Level dumpy do	52	Spider lines gone
S	Prismatic compass with stand	269	Horse hair broken
S	do do	1276	Horse hair loose
S	100 feet Gunters Measuring Chain with Brass		10 & some Brass marks wanting 33 Links Loose

I. J. Lubloff

№ 355-

To The Executive Engineer 2nd Calcutta Division.

Presidency College the 15th July 1876

Sir I beg to draw your attention to the Surface drain on the North side of the Road in the Harrison Circular camp ground. The sides of the drain were properly sloped off and grassed, and it has therefore silted up. It seems to me that it should be reconstructed

I have
J. J. Sutcliffe
Principal Pres. College

№ 356

To The Secretary & Treasurer Bank of Bengal

Dated 17th July/76

Forwards for deposit to the Credit of the Education department the sum of Rs 27 being the fee for Transfer of Junior Scholarship of Harridas Gangooly from the Metropolitan to the Civil Engineering department of the Institution.

J. J. Sutcliffe
Principal Pres. College

№ 357.

To. The Director of Public Instruction

Presidency College the 18th July 1876

Sir. In reply to Circular № 15 dated 27th June from the Government of Bengal forwarded under your endorsement № 55 of the 11th July. I beg to say that I know of no cases in which any portion of a building rented by Govt for purposes of the State is occupied as a private residence so far as the buildings under my controllare concerned.

I have &c.
Sd/ J. Sutcliffe
Principal Presidency College

№ 358

Presidency College
the 19th July 1876

Sd/ J. Sutcliffe
Principal Presidency College

No. 359

To A. Woodrow Esqr. M. A.
Director of Public Instruction

Presidency College the 20th July 1876.

Sir

I regret to say that the Downing Professor of Engineering is obliged to appear before the Medical Board with a view to being recommended the grant of 12 months leave on Medical certificate from Tuesday next the 25th instant, and I beg that you will be good enough to move Government to appoint an Engineer to conduct his duties during his absence.

It is indispensable that the offg Professor should join the College with as little delay as possible, as I have no present means of providing for Mr Downings duties. I must suggest an immediate application to Capt Smith who is in charge of the Calcutta office of the Public Works Department.

I have &c.

Informs that the old Hindu College Records do not show his name on the Establishment in any Capacity whatever prior to May 1846

No 387

To The Director of Public Instruction

Presidency College the 8^th August 1876

Sir

I have the honor to request that you will be good enough to sanction the addition of a Mallee on 6/8 a month to the Menial Establishment of the Hare school from 1^st August. My reason for proposing this addition is that I have lately planted in the Compound a considerable number of trees & shrubs which will require to be looked after. The compound has hitherto been kept in somewhat untidy state owing to there being no servant on the Establishment who could be told off to attend to work of this kind. The wages of the Mallee should be payable from the Contingencies which are now very considerable in amount.

I have &c
J. J. Sutcliffe

№ 388

To The Principal Patna College

Dated 8th August 76

In reply to his Indent for drawing Plate № 142 dated 1st August informs that the College does not execute Indents of the kind. Further that the Indent has been made over to the School Book Society and requests him to communicate with Mr Andrews on the subject

Prpl Pcy Coll

No 403 Poona College Augt 17th/76.

Myclear Capt Stirb

So far as I can understand the acting allowance code - an offg Professor can draw his own pay plus ⅔ of the difference between his substantive pay and Rs 750 or not less than Rs 200. But if this does not hold out sufficient inducement Government can sanction an addition. The College is suffering very seriously from the want of a second Professor and rather than wait any longer I would recommend that an Assistant Engineer (European) be appointed.

Yours sincy
Sd J Sutcliffe

I would suggest your getting Confidential sanction by telegraph.

Presidency College Augt 17/76.

Myclear Woodrow

This extract probably refers to the result of the last Examination for B.C.E and L.C.E. when out of 20 candidates present at the Examination 8 passed for the B.C.E and 5 for the L.C.E. Of the remaining 12 — 10 were qualified upon the result of the Examination for the grade of Sub-Engineer and 2 for the grade of Overseer. I strongly advised them to take the certificates they were entitled and to seek employment and they followed my advice. My reasons for advising this course were (1) that I thought there was no hope of their getting a higher grade by longer study (2) that our final class in Engineering already contained 32 students - a larger number than I have ever before known (3) that it was quite certain Govt could not employ the large number of Asst Engineers we have latterly sent out (4) that there were now pleaders for employment under the various District Committees which were not likely to remain open for any length

of lieus.

No Rule has been framed on the Subject of plucked Students, nor is it desirable to frame one. I consider them Young Men fortunate in getting a Sub-Engineer's certificate as they are admissible to the grade of Assistant Engineer & should they show professional merit enough to warrant such preferment. But as Col Nicolls well knows - it is hopeless to expect employment in the Engineer Grade for all the young men we are now turning out - I return Col Nicolls letter -

Yours Sincerely
J Sutcliffe

Dear Captain Neill

Roorkee College
the 19th Augt/76

Have you been able yet to find an officer to fill the Vacancy in the College. Mr Woodcock says that he was informed that only Rs 175- could be passed as officiating allowance but this is I should think sufficient to secure the services at any rate of an Asst Engineer (European). The College is suffering seriously from the non appointment of some one in Mr Dawnings place & I will send in an urgent report of the circumstances.

Services to Govt- if you still think that you can not find any one to take the appointment on its present footing

Yours sincerely
J Sutcliffe.

dated 19th August/76

Informs that the roof of the Hindu school (also Hindu college building) is leaking in several places, and requests that some one may be deputed to examine it. Also requests that the woodwork of one of the sky-lights in the western Hall of the school may be examined as it appears to be rotten and worthless.

Residency College the 21st August 1876

Sir

The Gymnasium attached to the Hare school will be finished in a few days, and I beg to propose that the services of the Gymnastic Teacher now attached to the Hindu school should from 1st September be divided equally between the two schools. The Gymnastic Teacher now receives Rupees 30/ a month, but it was understood when he was appointed that he would get Rupees 40/ as Teacher of the two schools when the Hare school apparatus was ready. I propose that from 1st September the Teacher of Gymnastics Baboo Rajendro Lal Mitra should receive Rupees 40/ a month each school contributing Rupees 20/ a month from Surplus Fee

2

Fees. There will be a saving of Rupees 10/ a month at the Hindu school if the above arrangement be carried out and I would strongly recommend that half of it should be appropriated in adding Rupees 5/ a month to the pay of the 2nd Pundit Brojendro Dutt Shastri who now only draws Rupees 25/ a month. He is reported by the Head Master to have discharged his duties for the last 8 years to his entire satisfaction, and the Salary of the corresponding Pundit in the Hare school is Rs40/ a month. This increase if sanctioned might date from 1st September and be debited to surplus fees which are likely to reach nearly Rupees 300 during the present year.

To H. Woodrow Esq^r Mod. Director of Public Instruction

Presidency College the 24th August 1876

Sir

I have the honor to report that Mr Christie has taken charge of Mr Downings duties at the College from this date.

2 Mr Christie is an Assistant Engineer in the Department of Public Works, the pay of whose permanent appointment is Rs 360 but he has lately held an appointment in Calcutta for which he received a salary of Rs 450 a month plus a Presidency house allowance of Rs 80 a month or Rs 530 in all When Captain Neill offered Mr Christie the officiating appointment at the College the latter went to the Accountant General's office to ascertain what pay he would be entitled to draw in the event of his accepting it and he was informed that he could only draw Rs 360 the pay of his substantive appointment plus an officiating allowance of Rs 200 This would only give Mr Christie Rs 20 a month in excess of his present allowance, and he expressed to Captain Neill his unwillingness to take up the responsibilities of the College appointment for so small an addition to his pay. Mr Christie was however willing to take up Mr Downings duties if permitted to draw Rs 200 a month in addition to the salary of Rs 450 which he was drawing in Calcutta or Rs 650 in all, and he was prepared to join the College at once if he might be permitted to rejoin his present appointment in the event of Government declining to sanction a consolidated allowance of Rs 650 for the College appointment when Captain Neill informed me of this decision I wrote in reply that I could not say any thing positively as to the allowances Mr Christie would be permitted to draw but that if he joined the College and took up Mr Downing's duties I would recommend Government to sanction his drawing a consolidated allowance of Rs 650 during the time he was attached to the College It is more than a month since Mr Downing went away on leave and as it would appear that during this time a competent person could not be found to take of the duties at the College on a smaller allowance than Rs 650 a month I beg that you will move Govt to sanction the grant of this amount to Mr Christie.

3. In the event of Government declining to sanction a larger allowance than Rs 550 to Mr Christie it is his wish to revert to the appointment he has been holding in Calcutta but I beg that this may not be carried out till some other officer has been selected to

offeeable from Mr Downing and directed to gain the College
Already the classes have suffered from the non appointment of
an offr Professor for so long a time and if the office was
kept vacant for a further period the effect would be
most prejudicial to the progress of the students during the
current Session.

In reply to your Memo: No 2656 Dated 31st August, the undersigned begs to point out that on the envelope containing the questions it was expressly stated that the papers were to be given out on Monday the 7th August and following days, and if from any cause the Executive Engineer was unable to hold the examination on the date specified the candidate should have been directed to proceed to Calcutta for examination and the papers returned to this Office. Further it seems hardly necessary to point out to the Executive Engineer that the same papers being given out at many different centres, it is indispensable that the examines should sit for the same papers on the same days.

The Accountant General Bengal

Presidency College the 13th September 1876

With reference to your No 6/313 dated 12th September.

I have the honor to enclose a copy of paras 4 and 5 of my letter No 17 of 10th January to the Director of Public Instruction of Public Instruction on the subject of appointing Lecturers in Law to fill the vacancy caused by the appointment of the Junior Professor to the 1st Judgeship of the Small Cause Court.

2 This letter was before Government when the orders contained in No 91 T.D. of 21st January were passed, and those orders, as I understand them, sanction the arrangements I suggested. Mr Allen is therefore entitled to draw the full annual allowance of Rupees 4800/- on the completion of his course of 70 lectures, and I had arranged for the delivery of these lectures during the first

half of the deficiency he would on their completion have been entitled to the balance withdrawn without remaining in Calcutta during the second half. as I have before stated it was arranged between Mr Allen and myself before he went away to Madras that he should on his return deliver 3 lectures a week instead of two in order that he might bring his lectures to a close at the time originally contemplated and this arrangement has been carried out since Mr Allen's return. I trust under this explanation that you will be good enough to pass the monthly instalment of Mr Allen's allowance for the entire course of 70 lectures.

The Director of Public Instruction

Dated 18th October 1876

Reports that Mr C. A. Mills joined his appointment as Professor in the Civil Engineering Department of the Presidency College on the forenoon of the 17 October 1876

J Alexander Pedler
Professor in charge
& Principal Presidency College

№ 469

To The Accountant Genl Bengal

Mr Rogers made over charge in the forenoon of July 15th 1876 to Mr J C S. Pope

21st October 1876

J Alexander Pedler
Professor in charge
& Principal Rly College

№470

To The Director of Public Instruction
Pres[idency] College 21st October 1875

Sir I have the honor to forward herewith two applications for gratuity from two of the office peons Kali Charan, and Ramadeen

Kali Charan was appointed on the 28th September 1858 and Ramadeen on the 1st December 1858, and they have rendered an active service of about 18 years. Both of them are now unfit for further active service, the first on account of old age and the second on account of an incurable disease Leprosy. I recommend that each of them should receive an invalid gratuity equal to five months pay Rupees 35/- under section 63 of the Civil Pension Code.

I have &c.
J. Hendale Pedler
Professor in charge
pr Pubol Pedler

№471

Forwarded to the Director of Public Instruction for order. Bill for (Rs 320) from Blank and Murray for binding Clark for August 75

J A Pedler
pr Pubol Pedler

From A. W. Croft Esqr. M.A.
Offg. Principal Presidency College

To J. Sutcliffe Esqr. M.A.
Director of Public Instruction

Sir Presidency College the 21st October 76.

In continuation of my No. 499 of 21st instant I beg to notify that during the time that Mr. Christie was on Deputation in the E.B. Department of this College, there was an officiating vacancy in the third grade caused by the absence of Mr. Downing on leave from 25th July. In order therefore to settle the difficulty caused by the Accountant General's objection to pay Mr. Christie at a higher rate than Rs 800/- the minimum pay of the 4th grade, I suggest for your consideration that Mr. Christie be declared to have acted in the 3rd grade from the 24th August to the 15th October. This arrangement will enable him to draw a Deputation allowance of Rs 200/- a month, the amount which he was led to expect that he could receive when his services were transferred. I have &c.

sd/ A. W. Croft
Offg. Principal Pres. College.

No 3520

To The Director of Public Instruction

Presidency College the 11th December 1876.

Sir I have the honor to report upon the question raised in para 3 of the Government letter No 2722 dated 13th October 1876, forwarded with your No. 5500 of 2d December, on the teaching of English composition in schools and colleges.

2. The course followed in the Hindu and Mohsin schools satisfies in my opinion nearly every requirement. In all the higher classes composition is practised weekly, partly upon the subject matter of the text books used in the class, partly upon subjects external to the course; in the latter case the class master reads out at the time selected passages that give the necessary information, which the boys are required to reproduce in their own language. In translation, again, the pupils are exercised weekly under the guidance of competent English teachers. Recitation is not practised, but can be introduced without difficulty on the receipt of your instructions.

3. In regard to the colleges, it seems to me that the chief thing to be insisted on, is the practice of composition in the 1st and 2d year classes. This will take two forms, both equally useful. First, that of exercise in original composition; in which the chief requirement is that the teacher should carefully furnish his pupils beforehand with all the ideas or the information necessary for writing on the subject, and then require them to reproduce it with clearness and simplicity of language, and above all with brevity. Secondly, the correction of faulty sentences, for typical instances of which a good teacher will always be on the look out; but which will be supplied in vast numbers by the exercises of the pupils themselves, the worst of which, when overhauled in the class-room, will furnish the best useful examples of common blunders. I believe that both these methods are regularly practised in all colleges.

4. As to the first requirement mentioned above, namely, that the teacher should provide his pupils with all the necessary subject matter, leaving them only the task of clothing the ideas in an English dress,— this I regard as of the first importance for accurate composition. The pupil in each case has certain ideas to express, and in language more or less appropriate he will express them. But give him instead some vague subject,

as

as "Railways," "the march of civilization," "description of your native village," and the result will be somewhat as follows. The student will think or write what he has to say in Bengali first of all, and will then cast about for an English equivalent. After a while he comes across a difficulty: he finds a word a phrase which he cannot turn into English, or an English construction about whose accuracy he is doubtful. In nine cases out of ten he will evade the difficulty either by striking out the sentence, or getting round it in some other way, and when the difficulty recurs, he will be unable to meet it.

5. I am aware that it is not always easy to give students full information, without at the same time giving them the key of expression. But there are two useful ways in which this can be done. One is by causing the students to turn into the prose style (not by paraphrase, which is a totally different thing, and commonly means to use two words when one would do) any narrative, descriptive, or didactic piece of poetry which readily lends itself to the transformation. This I regard as a most useful exercise; the mixture of styles being one of the gravest faults which our students manifest. The other is, to cause them to translate weekly into English an extract from the leading columns of the Some Prokash or some other good newspaper. It is not necessary that the professor should know a word of Bengali: the first three or four papers will put him in full possession of the purport of every sentence and he will only have to criticise the style. Any closer attempt than this on the part of European professors to supervise translations from Bengali into English, as a school master in England goes through translations from or to Latin, I look upon as quite out of the question. And it is equally out of the question that the time of European professors of colleges should be taken up in hearing recitations.

6 I may be allowed to add one further suggestion. It is well known to you how few of the students in our colleges possess English dictionaries. When in doubt about the use or application of a word, the diligent student is careful to look it up in the dictionary belonging to the Library: others, and they are perhaps the majority, are content to let the matter pass, or to take up the time of the class by asking the professor the meaning. If such student had a dictionary of his own, he would refer to it in all such cases: and I think it would be useful rule to compel every student of a college to purchase a dictionary for his own use.

Yours &c

Off. Principal Civil Engineering College

No 630

To E. W. H. Staples Esq.

District Engineer Hooghly

Presidency College the 20 Dec. 1876.

Sir

In reply to your No 91 of 15th Dec., I have the honor to point out that Babu Satya Saran Mookerji was offered the option of being examined in Practical Surveying, and claimed exemption on the strength of his certificate. He was accordingly exempted, and was allowed half marks, by the recognized practice. When he learnt that he had failed in other subjects by only 4 marks, he asked to be examined in Practical surveying, but the permission was refused. I regret that I must repeat that refusal, and can only offer to Babu Satya Saran Mookerji the chance of a fresh examination in all subjects.

I have &c.

J. A. W. Croft

Off. Prin. Pres. College

No 631

To Haridas Karmakar

Dated 20th Dec 1876 Kept on the 19th inst.

To J. P. Quinlan Esqr.

Deputy Examiner of Accounts I. S. R. Dublin.

Presidency College the 19th February/77

I have the honor to enclose two anonymous letters which received respecting the late examination conducted by you at Dublhanga on the 5th February for candidates for 4th Grade accountantship. The letter marked (1) which was posted at Dublhanga on the 3d instant, accurately states the number of questions in each paper. The letter marked (2) contains accurate copies of three questions in the Arithmetic paper. But the postmark bears date 5th February and it therefore may have been posted after the examination was over. I should be obliged by your informing me whether there is any reason to suppose that the questions may have become known to any of the candidates before the date of the examination and whether after the close of the examination on Arithmetic there was time the same day to write and post a letter containing questions that had been given out in the examination.

The return of the enclosure is requested

To The Director of Public Instruction

dated 1st March/77

I have the honor to submit statements shewing the probable receipts and disbursements of the Hindu and Mane schools for the year ending 31st March 1877

I have assumed that the receipts for March will in both these schools equal those for February.

In the Mane school I estimate that there will be a surplus of Rs 492/ and in the Hindu school Rs 2624/.

I enclose schedules shewing the proposed distribution of surplus funds among the pupils of the two schools and beg to recommend the same for your favourable consideration.

No 701

To A. W. Croft Esqre M. A.
Offg Registrar Calcutta University

Presidency College the 19 March 1877

Sir

With reference to your circular dated 13th March 1877 calling on me to state what effect the change therein proposed will in my opinion have upon the discipline and teaching of the Presidency College, I have the honor to inform you that I have no reason to believe it will have a prejudicial effect upon either. On the Contrary I anticipate great advantages from it as it will enable those students who take a real interest in some one subject, say English Literature or Chemistry, to devote more time to their favourite study.

I should myself be inclined to go a step further. I would make it possible for a student after passing the First Arts Examination to discard Mathematics altogether, and go out in Literature and History only.

His

This [illegible] would necessitate many other changes, but I trust I may be permitted to express my opinion, that it would be a great boon to many students who have a taste for Literature, and prefer attaining a sound Knowledge of English, to acquiring a smattering of many subjects.

I have &c.

Yours obd.t
9th April/77. J.C. Charles A. Tawney.

To Messrs Wyman & Co

Fort College 10th April/77

In reply to yours of yesterdays date I beg to state that the Library allowance is 3050 Rupees annually.

This year we have drawn it all but 24 Rupees. We should expect to get any books we ordered in three months of course if the Govt. ordered us to purchase in the local market, we should endeavour

To obtain any book as quickly as possible, by applying to all firms that might have it in stock

What we wish to know is if what rate you would be induced to supply books &c, because we shall of course be ordered to purchase as cheaply as possible

The books would be as a general rule published in England, but we required occasionly publications occasionly.

They would be on all convenient subjects.

Yours truly
J C A. Tawney

No 20

To The Director of Public Instruction

Presidency College the 12th April 1877.

Sir

I have the honor to acknowledge receipt of your letter No 1795 dated 4th Instant calling upon me to submit a report in consultation with Mr Peddon as to the desirability of making changes in the present mode of obtaining supplies of chemicals for the Presidency College, and desiring me to ascertain whether the books now procured for the College through the School Book Society, and the Periodicals supplied by the Secretary of State might advantageously be procured in the local market.

2. With reference to the supply of chemicals I have the honor to forward a memorandum by Mr Peddon, from which it appears that Chemicals, Apparatus &c if purchased from European firms would be very expensive, and if bought in the bazaar, of inferior quality. Mr Peddon however states it as his belief that some of the Chemicals now obtained from the Medical Store Department are procured by them from Dr Waldie's Manufactory at Cossipore. If this is the case, it might be for the advantage of the College to procure these articles direct from the Manufacturer.

3. With regard to the present system of obtaining books from the School-Book Society, I regret to have to state that it is attended with very great inconvenience. Great delay is occasioned by procuring books through this Society. A lecturer can have very little reliance on obtaining a book from England within a reasonable time. Besides there are many books published in England on literary and scientific subjects, which it is desirable to inspect before purchasing. It very often happened that although Thacker and Spink from whom we used before the late order to procure our books, had such books in stock. In this case the Professors on whose subject such works had a bearing, might examine them and advise the Principal to buy or not according to the result of his examination. At present it often happens that on account of the great reputation of a Author a book is bought which on examination turns out to be of no practical use for the instruction of native students. But it cannot be returned, and remains a dead weight on our Library shelves. Moreover although

Thacker and Spink executed our orders with such rapidity that a Lecturer can always calculate on obtaining any book within (3) three months - The present system is calculated to damp most effectually the enthusiasm of Professors. I had occasion lately to write a few day back Shilling books which I had reason to believe would be useful text books for the University. Of course I have not yet received them, but the following day Professor Croft bought them at Thacker & Spinks. Some other works for which we are writing are kept in stock by that firm. I observe to state most emphatically my belief that the College Library will be far more useful for instructional purposes if we are allowed to stock it as formerly by purchasing books from local firms.

4. With regard to the comparative cost of obtaining books through the School-Book-Society and through local firms, I beg to state that I have applied to Messrs Thacker & Spink, Messrs Newman & Co. Messrs Thacker Spink & Co say that they are willing to supply the College and the Educational Department with English books at their published prices to be paid in Indian money at the rate of exchange ruling at the time of purchase. Messrs Newman & Co are willing to supply books at present at 20 per cent above the normal English rate. When Exchange improves they will be prepared to give a better rate. But Messrs Brown & Co are willing to supply books at a reduction of 10 per cent from published prices with rate of Exchange added, and Magazines at published prices with rate of Exchange added. The School-Book-Society are in the habit of supplying books at the cost of publication in England counting the Rupee as equal to two Shillings. But they sometimes charge ten per cent, sometimes fifteen percent and sometimes twenty percent for Exchange. It appears to me that it would be cheaper for the College to

procure its books at any rate from Messrs Bowen & Co. than to be dependent for its supply on the School Book Society.

5. I doubt believe that anything would be gained in point of economy by procuring Magazines and periodicals in the local Market instead of through the Secretary of State. I enclose a copy of an Invoice shewing the price at which our last supply of Periodicals was procured. The prices mentioned seem to be higher than the published prices, but on the other hand a discount of twenty five per cent has been deducted from the cost of some of them. I enclose also a comparative table of the cost of each number in England (counting a Rupee as equivalent to two Shillings) and of the actual cost here as far as can be ascertained from the Invoice. So doubt if we procured these Periodicals from the local firms they could be obtained with less delay.

for C. H.

№ 81

To The Offg Director of Public Instruction.

Presidency College the 9th July 1877.

Sir I have the honor to request that you will inform me whether I am to admit as out Students in the Civil Engineering department of this College persons who have not passed the University Entrance Examination.

It appears to have been the practice to admit such students in previous years, but the account of the Presidency College printed in the University Calendar under head "Civil Engineering department" states "Students are admissible to this department who have passed the Entrance Examination.

Bearing in mind this paragraph, I do not feel justified in admitting such Students without your orders.

I have &c.

Principal Presidency College

No 165

The Office Director of Public Instruction
Presidency College the 8th August 1877

Sir

With reference to your No 81 dated the 26th of July received at this office on the 6th of August. I have the honor to report that in 1874 there were 28 Out Students, in 1875 one out Student in 1876 two Out Students in 1877 two out Students in the Engineering Department of this College.

It has been the Custom to admit them to the Departmental Examination held in this College.

I think it is very undesirable to receive Candidates who have not passed the Entrance Examination as this exceptional favour tends to impair the discipline of the College and I doubt if there is Employment in the Department of Public Works for the men we turn out at present.

&

So far from thinking it a desirable to dispense with the Entrance test, I am of opinion that it is desirable that as ~~hard~~ high a standard of General Education as that represented by the F. A. Examination should be required of all Students before entering the Engineering Department of this College.

I have &c.

Sd C. H. Lawrey.
Principal Presidency College.

No. 166.

To H. W. Croft Esq. M. A.
Offg Director of Public Instn
Presidency College the 9th August 1877.

Sir

With reference to ~~my~~ paragraph 2 of your letter No. 3897 dated the 2nd August 1877, I have the honor to observe that, I think, the system followed by my predecessor of awarding B.E. Graduate Scholarships to the first students highest on the list without considering whether they had spent three or four years in the Engineering Department of the College was a wise one.

It appears to me that the object of these Scholarships is to supply the most efficient men to the Public Works Department, irrespective of the time they spend in qualifying themselves.

The practical effect of an order that graduate scholarships should not be awarded to students who had failed in any examination would be, that inferior men would occasionally have secured their appointments in the Public works Department in preference to those who as far as we can ascertain by the test of examination are better qualified to discharge the duties of them. I have &c

No 169

To The Offg Director of Pub: Instruction

Dated 14th augt 1877

Sir I have the honor to forward herewith an application from Babu Nilmoni Mukerji M.A. Asst Professor of Sanscrit in the Presidency College praying that he may be granted sick leave for a period of two months and a Medical certificate stating that that period is necessary for the re establishment of his health.

I have accordingly the honor to propose that he may be granted two months sick leave from Monday the 13th instant and that Babu Syamacharan Mukerji M.A. Assistant in the Hindu School officiate for him By this arrangement there will be a saving of Rs 60/ sixty on Babu Syamacharan Mukerji who be restricted to 20 per cent only of Babu Nilmoni Mukerji's salary.

I have accordingly the honor to request that an

allowance of Rs 10/- be made to Baboo Haris Chandra Bhattacharya Sanscrit-Pandit on the fMC during the absence of Baboo Nilamani Mukerjee - He was led to expect before joining his appointment that his salary would be Rs 60/- a month, but as only Rs 600/- was sanctioned in the Budget, he was appointed on Rs 50/- I have taken the opportunity of requesting that from the year beginning April 1878 a permanent increase of Rs 10/- to his salary may be sanctioned, and I shall provisionally insert that in the Budget which I hope to have the honour of submitting tomorrow

To The Editor of the Statesman.

Presidency College the 27th August 1877

Sir In your notice to correspondents of the 25th of August the following paragraph appears.

"J. N. H. says:- Mr. Hand is no longer fit to occupy the chair of the Presidency College If I mistake not he is now between sixty five and Seventy years of age. and he has no mark of activeness in him. He has been in the Educational Department for more than 23 years, and his present state does not allow him to teach the students properly. The Educational Department should get rid of such persons as soon as possible.

I should be much obliged if you could furnish me with information which will enable me to detect the writer of this communication

I suspect that it is a certain student in the Presidency College who has been fined owing to Mr. Hand's representation

It will be obvious to you that if students are allowed to write letters of this kind with impunity the discipline of the Bengal colleges will suffer considerably.

I am sure that you will do your utmost to cooperate with me in furnishing the author of this very unwarrantable statement.

I have the honor to be sir &c

Presidency College the 30 August 77

Sir With Reference to your letter
No 1077E dated 25th June I have the honor to inform you that Mr W Serres, District Engineer Cuttack has not passed the examination for the Grade of Assistant Engineer held on the 6th instant, and to furnish you with the marks obtained by him in each subject as required by you

I have the honor to be Sir &c

G Charles H Tawney

Principal Presidency College

№ 211

To The Hon.ble Director of Public Instruction

Sir, Bundelcund College the 30th August 1/77

With reference to your circular № 3645 dated 22d instant I have the honor to enquire whether under the head "Chemicals" the following articles are included viz.

Sulphuric acid
Nitric acid
Hydrochloric acid
Ammonia soluta
Ether
Alcohol

My reason for making this enquiry is that if one indent for a year's supply of chemicals, the whole amount of the indent will I presume, be delivered at once, and I am informed by Mr Peddar that the above mentioned articles will in the course of a year be subject to so much deterioration as to be practically unfit under the present arrangement we obtain the above articles every two or three months from the Medical Store Department, and the supply is expended before the articles have time to deteriorate.

I take this opportunity of mentioning that Mr Peddar informs me that he has reason to believe that these articles are obtained from Dr Waldie's manufactory at Kasipur; and that if they are ever sent out to India on board ship, they must on account of their dangerous character be conveyed as deck goods, in which case they would be liable to deterioration.

I have &c.
J Charles H Tawney

Principal Presidency College

№ 255

To The offg Director of Public Instruction
Presidency College the 7th November 1877

Sir

I have the honor to acknowledge the receipt of your office Memo; № 56 Cs dated 25th ultimo, with enclosed letters asking me to state in what cases other than University Examinations, examiners ought in my opinion to be remunerated.

In reply

In reply I beg to say that I am not acquainted with any other Examinations completely analogous to those of the University, except the Competative Examination for admission into the Financial Department.

The only other Examinations in which the Professors of this College are employed are those of the Opium Department, the P. W. Examination, the Examination for the Subordinate Civil Service, the Examination for Political Appointments, and the Competetive Examination for the admission of Candidates into the Financial Department. It is obvious that the first three Examinations cannot be compared to those instituted by a Self-Governing Corporation like the University.

At the same time it must be remembered that the Professors of this College are selected on account of Special Knowledge, and it seems fair that they should receive some remuneration for having to work extra time, the more so as in some cases their Special Knowledge is practically a disqualification for more coveted appointments than they hold.

If no remuneration be henceforth given for (say the Examination of Opium Candidates) it is quite clear that a knowledge of Chemistry or Botany will subject a Professor to more severe work than his Non-Scientific Colleagues without any Compensation.

The Examination which approaches most nearly to the character of a University Examination, is that for admission into the Financial Department, as in this Case the Examiners are selected by the Registrar.

Should remuneration not be awarded in future for this Examination, the Examiners will, I presume, be appointed in some other way. At present the Examination is clearly analogous to those instituted by the University.

I have the honor &c
Sd- C. H. Lawrey.

№ 271.

To The Director of Public Instruction.

Dated 26th November 1877.

Sir With reference to your № 5493 dated the 19th instant, asking me to explain the difference in the balance in favour of the Hindu and Hare schools as shewn in my № 659 of 1st March/77, and in the Government № 362C of 25th June, I have the honor to state that the accounts submitted in my letter of 1st March were mere estimates not even containing the rewards & allowances sanctioned in your office orders of 7th March as is duly stated in the letter itself, whereas the accounts forwarded in your № 3394 of 3rd July were actual and verified account from the account department containing every item of expenditure incurred during the year ending 31st March 1877. Hence arises the difference in the balances of the two schools noticed by you.

I have &c.

Sd/ Charles H. Tawney

Principal & Presidency College

№ 272.A.

To A. W. Croft Esqr M.A.

I have &c.

Sd/ Charles H Tawney

Principal Presidency College

No A

To The Principal Presidency College

Sir

Dated 22d December 77

With reference to letters Nos 5889 and 5891 dealing with the question of the supply of chemical reagent, I have the honor to remark that if the orders stated in Para 2 of the letter No 3422 from the Secretary to the Government of Bengal are to be strictly adhered to, we shall be only able to obtain a very limited number of articles in India

The only articles produced or manufactured locally in a state sufficiently pure for chemical work, so far as I am aware are the following

Acid Hydrochloric

Acid Nitric

Acid Sulphuric

Solution of Ammonia

Oether sulphuric, Borax

Alcohol, Cotton Wool, White Wax and

Arsenic (white)

The remaining articles on the list in the accompanying letter are Medicine not manufactured locally but even if obtainable in the Bazar, it is almost

certain that they have been supplied to the local Market by exportation from Europe. I therefore suggest that the following articles should be again included in the annual indent which has been submitted in the usual manner.

Aluminium Sulphate	2 lbs
Copper Sulphate	4 lbs
Mercury Metallic	20 lbs
Iron Sulphate	4 lbs
Silver leaf in books	4 books
Tin foil thick	1 lb
Gum Tragacanth	20 oz

There are no articles of local manufacture included in the indent already sent in to the Medical Department, and this may therefore stand in its present form. Nor are there any instruments in that indent which will be required before January 1879

I have &c.

Principal.

17th January 1878

My Dear Sir

It appears that the walls of the Chemical Laboratory has been plastered but not whitewashed. The Chemical Laboratory is part of the Presidency College and I think it ought to be white washed with the rest. I can put off the lecture on Chemistry till next week

The repairs have effectually prevented any lecturing as yet, and if we can start for next week I shall be satisfied.

yours truly
Sd Charles H. Tawney.

To The offg Director of Public Instruction

Sir Presidency College the 4th Feby 1878

With reference to your circular № 67 dated 21st December, I have the honor to furnish you with a list of the Periodicals taken for the Presidency College with their respective prices, and the source from which they are paid.

Mr Sutcliffe in letter № 525 of 25th October 1872 with reference to Bengal Government Circular № 29 of 10th September 1872 submitted the accompanying list № 1 of the Periodicals for the College Library, and as far as I can see, it was accepted by Government in officiating Junior Secretary Mr Eaton's Circular № 29 Dated 27th August 1873.

A.M.

All the Periodicals in the list with the exception of those marked with an asterisk are regularly supplied to the Library.

It appears that the University Calendar was not included in the list, but it is taken as a remark for the Library, and paid for from the Library allowance. This is the case with the other Periodicals included in list No. 2.

Romnath Chatterji of this College

I have the honor to be Sir
C. H. Tawney
Principal Presidency College

№185

To The offg Director of Public Instruction
Pres. College the 16th Febry/78

I have the honor to forward a statement
of the probable Receipts and expenditure of the Hindoo
& Hare schools for the year ending March 31st/78
I beg to recommend that 4 passes
according to the annexed scale be granted to the
Masters of the two schools

In asking for Rupees 60 as for

each of the Head Masters, I do not forget that the salary of each has been raised from Rupees 300 to 400 – But they had some reason to expect that the increase would take effect from the 1st of last April, and therefore may fairly look for some compensation for their disappointment. The cases recommended Nos 2. 3d + 6th Masters of the Hare school calls for some remark. I have good reason to think that the success of the school at the recent Entrance Examination is to a great extent due to the exertion of these gentlemen

3rd July 1878.

Dear Sir

I am sorry that I have not been able to give you more help, but I now write to say that Bolie Chand Rama (whom I believe you know) is willing to go to Montgomerie for two months on condition that he receives a salary of 200 Rs (two hundred) a month, and a second class passage there and back.

If this proposal meets with your approbation, I hope you will telegraph.

On receipt of a telegram from you, I shall despatch Bolie Chand Rama on the conditions above named.

Yours truly
sd/ Charles A. Fawcus
Lieut.t Colonel Secretary
Executive Engineer
Montgomerie

№ 484

To The Director of Public Instruction

Presidency College the 19th Augt/78

Sir In obedience to your letter № 4243 dated 15th Instant I have the honor to submit herewith a proposition Statement of the office establishment attached to this College and to recommend that the monthly increase of Rs (10/) Ten proposed to the Salary of each of the two clerks Babooes Purna Chunder Chuckerbutty and Kylasse Mohun Mookerjea on Rupees 25/ and 20/ respectively be sanctioned. This increase to their pay will involve no additional expenditure to Government, but will be ~~met~~ from the sanctioned contingent grant allowed to this College. The grounds of my proposal to increase their pay are

1 That they have been serving at this Office with efficiency for nearly eleven and six years respectively

without any increase.

2 That their duties have gradually become more and more onerous and that they appear to me to deserve the increase above mentioned.

Sir the 19th August 78

With reference to your № 4253 dated 15th instant. I am to inform you that as there was no examination in practical Surveying no marks were given to any one in that subject in the examination of 1876-77 the marks used to be assigned by the Professors according to attendance only, but Mr Sutcliffe had the prudence to put his mind to discontinue the practice.

I am &c
J C H Tawney
Pro tem

№ 486

To The Director of Public Instruction Punjab

Rec'd & dly'd the 19 August 78

I have the honor to forward herewith the Calendar of the Lemmensity of Calcutta* shewing the subjects for the L.C.E and B.C.E examinations and a copy of the Rules of examination held half-yearly for the P.W. Department, and to submit the following questions for your decision.

It has been hitherto the practice after calling for & grant Asst Engineers sub Engrs and overseers certificates upon the result of the L.C.E. and B.C.E examinations of the Lemmensity

It is in my opinion clear enough that Asst Engineers & sub Engineers certificates may fairly be granted as the subjects for the Lemmensity & P.W.D examinations are identical

* as it seems unnecessary to send the Calendar Please refer to your copy of the

J C H Tawney

and the fencing of the standard for these certificates is a more question for proportion, but as the P.W. Examination for Nurses certificates is altogether different, I beg to know whether their system of granting Nurses certificates on the result of the University F.A.S. & B.E. examinations should be continued, and if so what number of marks a candidate should obtain in order to be entitled to the Nurses certificate

I have &c

№ 529.

To The Director of Public Instruction

Presidency College the 27th August 1878.

Sir I have the honor to inform you that in consequence of the proposed transference of the Engineering Camp during the ensuing cold season from Barrackpore to Murihapore some more tents will be required for the accommodation of the students and the Professors, and therefore to apply for sanction to the purchase of three tents complete at an estimated cost of Rupees *(900) nine hundred and fifty Rupees paid out of the savings of the budget grant for the College for the present year.

* 1 Double pole tent with cook-room and fixings for the Professors — 600/-
2 Hill tents with Fly — 300/-
Total Rupees 900/-

I beg to observe that there has been an annual grant of Rupees (1200) one thousand and two hundred for contingencies for the Civil Engineering Department which is not likely to be used or drawn this year. The expenditure on account of the purchase of tents might be easily met from this grant. The contingency grant of Rupees (2000) Two thousand will not be sufficient to bear this expenditure.

№ 549

To The Executive Engineer. Mahanuddy
Division
Presidency College the 9th September 78

With Reference to your № 691 dated the
3rd of September 1878. I have the honor to State that the
papers set for the Examination of Candidates for the
grade of Assistant Engineer are not the same
as those set for the grade of Overseer or for the grade
of Suboverseer. The papers for the latter two grades
are almost the same

It is therefore impossible for me to say that
Mr Serres is qualified on the Result of the

Examination for the grade of Overseer or Sub overseer of

In order to give you an idea of Mr Serres' qualification I think it desirable to break through the usual custom of this office and to forward you the marks he obtained at the last Examination

Candidates for all the Grades must in order to pass, gain half the Total Maximum and one third of the Maximum in each subject

I have &

№565

To Baboo Rajendranath Mitra

Assistant Secretary to the Government of Bengal

Sir Presidency College the 24th September 1870.

With reference to your circular № 39 dated 14th instant, I have the honor to remark, that the sending books to the Presidency Jail to be bound will be attended with some inconvenience as regard magazines and other periodical works.

There will be always a difficulty about getting successive volumes bound in exactly the same style.

It will be necessary in every case to send a complete volume which will be productive of considerable inconvenience.

Besides a great many books in the Library are old and valuable and require careful handling.

As long as the books are bound, so to speak, under the eye of the college authorities, it is possible to exercise over them a strict supervision which I fear, it will be impossible for us to carry out if the system proposed in the circular be adopted.

In the case of Office records, I do not see that there can be any objection to sending them to the Presidency Jail to be bound up.

I have &c

To

C. W. Wilmot Esq.ᵉ
Sub-Divisional officer Deoghur
Presidency College the 21st Octr 78.

Sir With reference to your letter №3945 dated 6th Sept.ᵏ last, I have the honor to state that I have been informed that the Government open land near the Circuit house at Madhupore is the most suitable place for the winter encampment of our engineering students.

I propose to send up 17 tents with necessaries to accommodate 40 students, one European Professor, two native assistants & servants.

I have the honor to request your permission to occupy the above mentioned camping ground for 3 months from the 1st of November next.

I regret to say that owing to an accident which has happened to the Downing the Engineering Professor, it has been impossible for me to get the ground examined before hand, and I beg that

if the above site for the Engineering camp does not seem to you desirable, you will assign a more appropriate one.

By Charles H Tawney
Principal Presidency College

No 675

To A. W. Croft Esq^r M.A.
Director of Public Instruction.
Presidency College, the 23^d October 1878

Sir

I beg to acknowledge receipt of your No 6536 dated 17^th Instant forwarding letter No 112 I from A. Mackenzie Esq^r Secretary to the Government of Bengal to the Director of Public Instruction, dated Darjeeling the 4^th October 1878.

In reply to your enquiry whether I consider the instructions of Government to be sufficiently definite for my guidance, I have the honor to state that I consider the letter in question to lay down principles for my guidance in awarding graduate scholarships to those students of the Civil Engineering College who have passed the B.C.E and L.C.E Examinations of the Calcutta University.

The object however of my letters No 436 dated the 19 and 527 dated the 26^th August 1878 respectively, and to enquire whether I am to continue the practice of granting Overseer's Certificates as the result of the University L.C.E. and B.C.E Examinations, and if so on what principle they are to be granted.

I enclosed a copy of the out lines of Examination for the P.W.D Examinations, and referred you to the University Calendar for the subjects for the L.C.E. and B.C.E Examinations.

At the same time I took the liberty of indicating my own opinion that Overseer's Certificates should not continue to be granted as the result of the University L.C.E and B.C.E Examinations, as the subjects prescribed for the Examination of Overseers in the out-lines of Examination for the P.W.D are altogether different from those appointed for the B.C.E and L.C.E. Examinations of the University of Calcutta.

I have now to solicit orders on the subject of my letters Nos 486 and 527. Another copy of the out-lines of Examinations for the P. W.D. is herewith forwarded.

I have &c.

No 577

To C. H. Wilmot Esqr
Sub-Divisional officer Deoghur

Sir I have the honor to acknowledge the receipt of your letter No. 1162 dated the 25th October 78 and in reply to state that we have no funds at our disposal from which we could pay the fee of Rs (5) one for each tent pitched in the Bungalow compound, and that we do not wish to occupy the compound - With regard to paragraph 3 in which you ask how many rooms in the Bungalow, we shall require, they to state

that I do not think we require any Rooms at all

What we do require is space to accommo-
-date 17 tents containing 40 students of the Engineering
College somewhere in the neighbourhood of Muddapore
The time for their going out into Camp is approaching
(They usually go out on the 1st of November)

I have therefore have the honor
to request that you will direct the Police Inspector
or Sheristor or any officer you think proper to meet
Mr Downing, who will arrive at Muddapore by
the passenger train on Thursday morning in order
to choose a site for the camp of the Engineering
Students.

I beg to enclose a letter from
Mr Brooks desiring Engineer, chord line, and
also to state that I have been informed that
there is a mangoe tope at a place called
Lallgherri on the estate of a ward under your
charge, which would be a suitable place for the
encampment.
